Campus

BRINGING CASHLESS COMMERCE TO CAMPUSES

Students and campus staff rarely carry cash, yet they frequently need to make purchases for vending, parking, retail and market shopping, banking, and more. Apriva Integration Services solve this problem by integrating payment processing with existing closed-loop campus ID card systems. This provides schools with a unique opportunity to accept card payments everywhere, expand shared revenue, and create a more seamless shopping experience.

BENEFITS

Cashless Culture
After easily integrating payment processing, students and faculty can use a card or smartphone to purchase what they want, when they want it, anywhere on campus.

Secure Technology
Apriva's proven technology is PCI-compliant and has been rigorously tested and verified by the U.S. intelligence community and Department of Defense.

Quick and Easy Integration
Our Integration Services offer a pre-built collection of solutions that make it simple to start accepting payments and increase revenue fast.

Diverse Payment Options
Apriva's payment processors support credit, debit, stored value, loyalty, EBT, and check transactions, as well as emerging forms of payment.

Future-Ready Solutions
From traditional payments to innovative technology like EMV, Apple Pay, Samsung Pay, the Apriva Gateway is continuously evolving to help campuses stay ahead of the game.

Complete Compliance
In addition to being PCI-compliant, Apriva Integration Services support advanced security features like card encryption at swipe, card tokenization, and EMV technology.

GET STARTED

Integrate with the Apriva Gateway to quickly and easily add payment processing to an existing POS solution. With unrivaled security and support for over 40 devices and 35+ certified payment processors, there is no better partner that offers innovation, confidence, and the freedom to choose.
